## **RESTAURANTS AND LOUNGES**

The cuisine at Therasia Resort Sea & Spa is the perfect expression of the territory, culture, creativity and customs of the nations which have dominated Sicily over the centuries. Our Chef, Giuseppe Buiso brings out the best of Sicilian cuisine in many ways; a tireless researcher of quality, basic ingredients and secret, forgotten- about recipes, he produces dishes made from locally sourced, quality ingredients; in the real sense of the word. Fish and seafood are all strictly from the Aeolian Islands, while vegetables are produced in the planes of nearby Catania, cheeses from Syracuse and meat from Nebrodi. Sumptuous Sicilian desserts such as Cannoli and Cassata are fused with delicious Bronte pistachios and authentic ewe's milk ricotta. The resort offers a choice of 3 restaurants and a lounge bar:

**“L’Arcipelago”** with a large terrace overlooking the sea, serving traditional Sicilian cuisine

**“Il Cappero”** 1 Michelin star restaurant which boasts a superb setting with enchanting views, serving fine gourmet cuisine.

**“I Tenerumi”** is a vegetarian restaurant; a perfect pairing that sublimely marries the elegant location together with the products we serve, all organic, handpicked from our farmers and gently grown with our own solar system.

**“I Grusoni”** poolside, grill & restaurant is ideal for casual lunches, snacks and dinners, serving pizzas and grilled dishes.

**“I Russuri”** Featuring a uniquely view on the Aeolian Island, Sunset Bar's allure lies in its unique location on a private location. This makes the bar an appealing venue for exclusive cocktail predinner and afterdinner  
The lounge bar **“Il Faraglione”** also has a panoramic terrace with memorable sunsets, where guests can enjoy a selection of cocktails and drinks accompanied with live music.
