## WHERE DREAM HOLIDAYS COME TRUE

Over a century has passed since this elegant villa served as Prince Bulhak's island residence and yet Caesar Augustus still looks and feels very much like a private home: a palatial and incredibly panoramic home, with 49 finely furnished bedrooms and 6 suites, each of which looks out over the sea surrounding Capri or the hotel's gorgeous cliff top gardens.

### INFINITY TERRACE

To reach Caesar Augustus, you'll need to make your way up the only paved road that connects Capri with Anacapri. Look out of the window: after a series of hair-raising bends, at a certain stage, you'll be greeted by a magnificent view of the Sorrentine peninsula and the Bay of Naples and, perched on the corner of a cliff edge terrace, an Ancient Roman statue.

The terrace with the statue belongs to Hotel Caesar Augustus. There's not another hotel in the world with a terrace quite as spectacular this one and, just think, you'll be able to enjoy it for the duration of your stay!

### TERRACE BAR

Whatever the time of day, take a seat on one of the terrace's inviting sofas and relax with a good book, a glass of fine wine or a few morsels of Mediterranean sushi.

The atmosphere is even more magical in the evening, when the sound of piano music fills the air and the sky is painted with the colors of the setting sun.

Open from 11.00 to 24.00

Drinks and nibbles

Oysters, raw fish and champagne

Live piano music every evening

### KITCHEN GARDEN KM 0

The kitchen garden, in the grounds of the hotel, is where the aromatic herbs and vegetables used in our chef's delicious dishes are grown. Something of a rarity on Capri, a rocky island characterized by impervious cliffs and with little if any land available for agriculture, Caesar Augustus' kitchen garden guarantees a supply of fantastically fresh ingredients - throughout the opening season.

A peaceful and panoramic patch of paradise, abundant in basil, rosemary and lemongrass, our kitchen garden is one of Anacapri's sweetest-smelling secrets...

## HOW TO GET TO CAESAR AUGUSTUS

Hotel Caesar Augustus is situated right at the start of Anacapri, the town built on the slopes of Monte Solaro, the highest part of the island. Let us know what time you are scheduled to reach the port of Capri and, on your arrival, you'll find our driver waiting to accompany you to the hotel.

## SUITCASE ESSENTIALS: WHAT TO PACK

Capri is blessed with a mild Mediterranean climate, meaning that from April to October the temperature is warm and rain is rare.

This said, the temperature does drop, quite considerably, in the evenings. So we suggest you always bring a light pullover or jacket with you. Given the location of the hotel's terraces, on the cliff edge, directly above the sea, ladies may find they need a shawl to protect them from the sea breeze in the evening.
