The Restaurant

Berton Al Lago is the hotel's signature 1 Michelin Star restaurant serving breakfast, lunch and dinner; and led by Michelin star Chef Andrea Berton. Located on the water, Berton Al Lago has three areas: an indoor air-conditioned dining room, an open-air dining room with roof next to the lake and the terrace restaurant.

Executive Chef Andrea Berton has created a menu of simple and classic northern Italian dishes in a relaxed yet refined atmosphere, pushing the culinary boundaries of creativity and innovation.

A black and white photograph of the interior of Il Sereno restaurant. The space features a rustic stone wall on the left and back, with a large rectangular opening in the back wall revealing the kitchen where two chefs are working. The dining area is furnished with dark wooden tables and modern, light-colored upholstered chairs. The floor is made of dark wood planks. Track lighting is mounted on the ceiling. The overall atmosphere is sophisticated and cozy.

**"Hip, rare, and cozy don't often coexist,
but Il Sereno is somehow all of the above.
It's the opposite of everything you know about Lake
Como. Still, it fits in absolutely perfectly."**

The boats

In the grand tradition of guests traveling and experiencing Lake Como via boat, Il Sereno commissioned three custom Cantiere Ernesto Riva boats from the namesake family that has been building boats by hand in the nearby town of Laglio since 1771.

Il Sereno guests are able to travel to other destinations on the lake via two Jetto's or the grand Vaporina del Lago which features interiors designed by Patricia Urquiola.

"With his recent collab with Spanish architect Patricia Urquiola on custom boats for Il Sereno Hotel, RIVA taps into nearly 300 years of institutional knowledge to share his favorite spots on the lake."
