Description

Imago Artis Travel is an elite boutique destination management company that specializes in creating bespoke experiences for upscale travelers to discover the incomparable treasures of Italy. Based in Rome but offering travel experiences throughout the Italian Peninsula, Imago Artis Travel began as a dream of three charismatic and passionate art historians – Fulvio de Bonis, his wife Alessia Tortora, and their best friend Chiara di Muoio – who, upon graduating from Sapienza University in Rome, turned to tourism as a way to express the strong socialization that lies within art.

Employing natural charm and deep knowledge of history and culture of the country they proudly call home, the founders of Imago Artis Travel are able to unlock doors to ancient palaces, historic villas, classical churches, renowned ateliers, gastronomic experiences, craft traditions and more in ways that satisfy the personal expectations of clients and provide them with lasting enlightenment.

Imago Artis Travel has expanded well beyond Rome in the years since it was founded in 2007.

The company now employs 200 top-class guides to lead client experiences, with its reach extending to **Venice**, **Milan**, **Florence**, **Vatican City**, **Pompeii**, **Piedmont**, **Cinque Terre**, **Tuscany**, **Emilia Romagna**, **Apulia** and other cultural destinations beyond.

The expansion is destined to continue, thanks to beneficial partnerships the company has formed with five-star hotels and international hotel collections in Italy, positive word of mouth, and new membership since 2018 in the prestigious **Virtuoso Destinations & Experiences Program**, including being designated an **Onsite Preferred Partner for Italy**.
