

FOR VILLA CRESPI'S 20 YEARS, CINZIA AND ANTONINO CANNAVACCIUOLO
HAVE GREAT NEWS

**RELAIS VILLA CRESPI AND RESTAURANT ANTONIO
CANNAVACCIUOLO**

OPEN ALL YEAR

Annual opening, Holiday packages and the new website

Cinzia and Antonino Cannavacciuolo are preparing for a special year, 2019, **Villa Crespi's 20th anniversary**. Guests get to enjoy the **Relais and restaurant all year long**.

Hospitality signed "Cannavacciuolo" continues throughout the winter and welcomes the new year with great news.

The Holidays at Villa Crespi and the new winter season:

The new experiences dedicated to the Holidays, including the **Magia del Natale (Magic of Christmas)**, **Capodanno (New Year's Eve)**, **Mille e una Notte (A Thousand and One Nights)** and **Innamorarsi ancora (Fall and Fall in Love Again)**, can already be booked on the website: www.villacrespi.it/it/pacchetti-speciali. All wonderful ideas for a moment of well-being and excellent food.

The winter season and festivities are, in fact, the perfect period to spend a holiday in the historic **Villa Crespi** residence or indulge in a lunch or dinner at the **Michelin 2-star Restaurant Antonino Cannavacciuolo, now open year round!**

The three rooms and veranda overlooking the lake, subjects of a meticulous restyling in 2018, are the perfect sanctuary to experience the new dishes of the Chef. The Middle Eastern influences of the Villa invite you to try one of the Ayurvedic experiences in the Wellness Suite, combined with a stay in one of the 14 princely suites.

The new website:

The www.villacrespi.it website has been **completely updated** and with even more information about the residence, hotel stays and the Antonino Cannavacciuolo restaurant. On the site you can directly book your stay or check the availability of a table at the Antonino Cannavacciuolo Restaurant, where the à la carte menu and the tasting menus, **Carpe Diem** and **Itinerario da Sud a Nord** (an iconic journey in the Chef's kitchen), are welcoming seasonal ingredients with new original choices.

The new opening, even during the winter season, gives guests **more possible dates** to experience first hand the creative flavors of the Chef, who's already, with the invaluable help of his brigade, working on the special menus for Christmas and New Year's.
