

MASSERIA SAN DOMENICO

WHERE WE ARE

Masseria San Domenico is located in the heart of Apulia: along the Adriatic coastline and the Itria Valley, nestled among ancient olives trees and a few steps away from the sea and surrounded by the towns of Alberobello (UNESCO World Heritage Site), Locorotondo, Martina Franca, Cisternino, Ostuni and Ceglie Messapica.

A valley of rolling green hills, criss-crossed by dry-stone walls, where olives trees, vineyards and country paths preserve the natural profile.

WHO WE ARE

The Melpignano family had a dream to fulfill:

to highlight the ancient traditions and warm hospitality of their native region Apulia, and to combine them with the standards of modern luxury hospitality.

The first of the Melpignano properties was Masseria San Domenico, which started out as the family's private vacation home. Thanks to a careful reinterpretation of the living spaces, Masseria San Domenico became a 5L-Leading Hotels of the World Masseria, currently a symbol of Apulian luxury hospitality in terms of taste, refinement and careful attention to detail.

An efficient synergy of purposed underlies the management of the family's many properties: Masseria Cimino, Borgo Egnazia, Masseria Le Carrube in Apulia and San Domenico House in London.

The San Domenico Hotels group involves efficient collaboration among staff members, personalized service, and the cordial treatment of our guests.
