COMO Castello Del Nero is located in Chianti, a 35-minute drive from Aeroporto di Firenze-Peretola (FLR) airport.

COMO Castello Del Nero, Tuscany, is an exceptional 740-acre, historic estate in the world-famous Chianti wine region of Italy. The hotel features 50 rooms and suites, many of which have views across the surrounding Chianti countryside. The castle's historic, fresco walls and vaulted ceilings remain untouched, while Milanese interior designer, Paola Navone, has introduced a light and modern 'COMO' aesthetic.

COMO Castello Del Nero has three dining locations: the Michelin-starred La Torre restaurant showcases gourmet Italian cuisine using the finest Tuscan produce, while La Taverna and Pavilion offer more informal dining experiences. La Taverna features a relaxed bar, where guests can choose from a selection of Italian-inspired dishes and an extensive drinks list. There is also a wine cellar set in the original twelfth-century castle.

Italy's long wellness heritage is reflected in the resort's COMO Shambhala Retreat, where therapeutic massages are designed to help guests take positive steps to improving their health. Yoga is provided as a complimentary activity.

Guests can immerse themselves in Tuscan culture with truffle hunting, wine and olive oil tastings and cooking classes. The jewel cities of the medieval and Renaissance periods - Siena and Florence - can be easily explored with a professional guide.

A unique alternative to traditional Italian cuisine, the recipes mix nutritious ingredients to create dishes that help to boost concentration, increase energy and balance blood-sugar levels.

Sustainability and Community Investment

At COMO Hotels and Resorts, we act as custodians, rather than managers, of each destination. We recognise the privileges and responsibilities of being part of the community and are committed to celebrating local culture, supporting the domestic economy and minimising our impact on the environment.

COMO Castello Del Nero's 740-acre estate has long been the site of traditional Tuscan agricultural activity. The estate's vineyard, olive groves and bee hives are still in active use and supply our kitchens with quality Chianti produce. In addition to this, we source fresh ingredients from local farmers, and supplement these with produce grown in our own kitchen-garden. We do this, not only because local produce gives the best flavour, but because we hope to forge strong ties within the local community.

We are proud of COMO Castello Del Nero's Tuscan heritage, dating back to the 12th century. In order to retain the deeply authentic historic texture of the property, we have always ensured that any changes to the castle's aesthetic are executed in consultation with the Italian Fine Art Commission, meaning any period features and historical details have been preserved.
