48 rooms, 8 junior suites and 20 suites are spread across 15 hectares of gardens. The varied room and suite categories are arranged in three distinct locations within the resort: the Gardens surrounded by a green curtain of trees and shrubs; the Laguna, a collection of large rooms and suites grouped around the tranquil Laguna pool; and the Sea Views, the most coveted and closest to the beach.

To make you feel right at home from the moment you walk in, our rooms and suites are filled with thoughtful touches. One of these is a House Bar beautifully stocked with premium beverages and everything needed to prepare your favourite drink, as well as tea and coffee making machine, to be enjoyed from the tranquility of your own terrace.
