

EDEN RESERVE

HOTEL & VILLAS

Dreamy landscape, picturesque places and a resort that lets the hearts of architecture fans beat faster: Matteo Thun, David Chipperfield, Richard Meier and Marc Mark – the Champions League of the international architecture scene have left their mark here above Gardone Riviera.

Nestled in a 78,000 square meter park area, designed by the renowned landscape architect Enzo Enea, and surrounded by olive trees and cypresses, the luxury resort Eden Reserve, Hotel & Villas harmoniously fits into the natural environment.

The futuristic facade of the clubhouse, covered with mosaic-like glass elements, reflects the shimmering of the lake, the bright blue of the sky as well as the sparkling green of the mountains and creates a fascinating interplay of light and colors depending on perspective and time.

Four Landmark Apartments are true vacation residences with view of Lake Garda and its largest island, Isola del Garda. In the middle of the green Mediterranean hillside landscape are also five Private Luxury Villas, individually designed by David Chipperfield, Richard Meier and Marc Mark.

The stylish hideaways are the perfect retreats and offer, in addition to modern architecture and a noble interior design, absolute privacy. A special highlight are the infinity pools – from here guests enjoy the wide view over the gentle waves of the lake.

The nine suites of the five-star boutique hotel, located in the clubhouse, are also real wellbeing temples for those seeking peace and tranquility.

Full relaxation is guaranteed in the extensive wellness area during individually tailored spa treatments ranging from therapeutic massages to vitalizing facials and yoga lessons.

Guests enjoy culinary delights at the fine dining restaurant La Celeste with Italian cuisine, accompanied by selected, regional wines.

Not only the resort itself, but also the surrounding area offer a varied range of activities: whether a hike around the lake, a boat trip with a Frauscher boat to Isola del Garda, a round of golf or an exclusive wine tasting with local wine producers.

The Vittoriale degli Italiani, which was once the estate of the Italian writer Gabriele D'Annunzio, countless magnificent palaces and villas as well as the Heller Garden are also in the immediate vicinity of Eden Reserve.
