

DREAMS IN PROGRESS

Park Hyatt Milano revamps its look: the 5-star luxury hotel reopens with a new interior design that pays homage to a distinct cosmopolitan Milanese character.

An icon of excellence of Milanese hospitality, after a major restyling, Park Hyatt Milano reopens its doors in March 2022. Its strong historical identity and unique location – just steps from the Duomo and Galleria Vittorio Emanuele II – have been upgraded with a new look, creating a more than ever vibrant and enchanting atmosphere. The culture of hospitality, which has always been a hallmark of this 5-star haven, returns to amaze with a revived elegant design concept, in perfect harmony with the city.

Emblem of sophisticated contemporaneity, Park Hyatt Milano has completely renovated their rooms and suites, entrusting the design to the award-winning international studio, Muza lab, founded by Inge Moore and Nathan Hutchins. The aim is to highlight the link between the hotel and the urban fabric, while at the same time, enhancing its marked international identity to offer its guests an increasingly exclusive, personalized and engaging experience.

The restyling also involved the common areas of Park Hyatt Milano. The Cupola, Mio Lab bar and the Spa have always been meeting points for artists, thinkers, businessmen, travelers and locals, to satisfy the senses, share ideas and opinions and enjoy moments of pure and complete relaxation. Even the world-class restaurant has been renewed in flavors and design, under the guidance of a new young Chef.

With this project, Park Hyatt Milano expresses its philosophy at its best, becoming itself a destination, an iconic place where one can rediscover the pleasure of authentic luxury.

About Park Hyatt Milano

Park Hyatt Milano is the reference 5-star luxury hotel in the center of Milan. With its 106 rooms and suites, it overlooks the Galleria Vittorio Emanuele II and is located a few steps from the most prestigious boutiques found on the famous via Montenapoleone and via della Spiga. The spacious rooms and suites, among the most elegant in the city, are the perfect fusion of authentic Italian style, comfort and cutting-edge technology. Park Hyatt Milano houses a gourmet restaurant, a bistro, a cocktail bar and a spa.
