Cefalù

SICILY, "QUEEN OF DESTINATIONS" 2023.

IN CEFALÙ, ONE OF THE MOST INTIMATE AND SCENOGRAPHIC HOTELS RE-OPENS TO GUESTS FROM ALL OVER THE WORLD, WITH THE STYLE AND NATURAL LUXURY THAT HAVE DISTINGUISHED IT SINCE 1969.

9 NEW RESTYLED ROOMS IN THE BOTANICAL GARDEN, TAILOR MADE EXPERIENCES AND THE GASTRONOMICAL EXCELLENCE OF CHEF DARIO PANDOLFO, ARE AMONG THE INNOVATIONS OF THIS NEW SEASON AT LE CALETTE.

Cefalù, March 2023 – Le Calette is a peaceful oasis on the fascinating coast of Cefalù and a much-admired example of high-class Sicilian hospitality which has been run by the Cacciola-Miccichè family for over 50 years. **On Friday 7 April Le Calette re-opens with a refurbishment project and new authentic made-to-measure experiences to make you live the beauty and the richness of the territory to the full.** With its terraces, its green paths and luxurious gardens which overlook the crystal-clear water making it a real garden of Eden on the sea, Le Calette establishes itself among **the most beautiful and special destinations in the whole of Sicily.**

A NEW CORNER OF PARADISE FOR PEACE AND BEAUTY LOVERS

Le Calette takes a further step to make its hospitality even more attractive and to satisfy the needs of all those guests who desire to enjoy the wonderful surrounding nature in total privacy.

2023 means evolution and expansion, this charming corner of paradise has been extended with the creation of nine new rooms facing the sea; the new Garden Cabana Rooms.

This is a new type of room in the heart of the hotel's Mediterranean park distinguished by **the intimacy of a private garden with its own jacuzzi**, and by the peace of the nature it is immersed in.

There is a more minimal design than in the central body of the hotel but it is always inspired by Mediterranean architecture, with elements in olive wood and tones of grey and beige in keeping with the outside environment to enhance the Sicilian territory. **The new Garden Cabana Rooms can be booked from the 1st of July 2023.**

RECONFIRMATION OF AN EXCELLENT GASTRONOMIC LEADER

With the arrival of **Dario Pandolfo as leader of the gourmet proposal of Le Calette**, the fine dining restaurant CALA LUNA situated under a starry sky on a large lawn in the summer, with an open kitchen overlooking the sea, in a very short time has been ranked as **one of the best new restaurants in Italy for the year.**

Dario Pandolfo's success has been further confirmed in the last few months by his participation in two of the most important international food and wine events; the **Identità Golose meeting and CARE's, laying down the introduction of a new Sicilian destination.**

The thirty place Cala Luna Restaurant presents a proposal for a contemporary, lively and local cuisine. This is entirely developed to enhance the enormous gastronomical inheritance of the territory by using raw materials from local producers. His sampling menus fully convey what cooking in his motherland means to Dario. Two excursions with the Chef; "Come to Sicily with me" and "Sicilian Freedom" bring out the best of the authentic gastronomical richness of the island.

DISCOVERING THE TERRITORY WITH LE CALETTE

The **experiences** created by Le Calette hope to transmit a sense of Sicilian hospitality and link its travellers to the territory. Besides the **"Sun Salutation" on the Rocca of Cefalù** - a UNESCO site - and the **guided tours with experts in art and history of the wonders of Cefalù and twin Norman sites**, this year we also have thrilling news thanks to the purchase of a boat and to the success of our family cake shop.

With the arrival of a **high seas dinghy, it will be possible to dive in the sea at a distance from the beaches and to go as far as the Aeolian islands**, or to enjoy an aperitif at sunset and a candle-lit dinner in front of the historical centre.

Finally for cuisine fans, you can discover the **art of Sicilian cake-making with the interesting courses held at Mon Chou-Chou, the family pastry lab** that was recently opened in the heart of Cefalù.
