Sea, culture, well-being and relaxation: discover and enjoy Sicily at its best.

February 2023 *** On 27 April Almar Giardino di Costanza Resort & Spa will inaugurate the new season and invites Guests to profit of a very special offer to unwind and rediscover well-being in its refined and cosy environment.

Thanks to its strategic position – which includes the very short distances from both Palermo and Trapani airports, respectively just 75 and 30 km away - **Almar Giardino di Costanza Resort & Spa** is an oasis of tranquillity and relaxation, an ideal destination for relaxing holidays, cultural visits or food and wine tours.

For breaks of pure relax under the sun, the Resort proposes the fine sandy bay of its **private beach**. 15 km from the Resort, reachable with the Resort's private shuttle, **Lido di Costanza** is an authentic typical Sicilian beach, which reflects in the crystal clear waters of this corner of the Mediterranean sea and offers highly evocative scenarios, culminating at the sunset, one of the most romantic moments that the Sicilian coast can offer. The Lido is equipped with various catering services and different sport activities are also available, such as snorkelling, puddle surfing and canoeing.

On the other hand, if exploring the area is the goal, the Resort's staff is ready to advise about the many enchanting destinations and organize every details of the journeys: from ***fishing trips*** accompanied by fishermen from Mazara, to ***wine and olive oil tasting***, or trips to the ***salt pans of Trapani, Marsala and Mozia***, without forgetting the ***Selinunte***, the largest ***archaeological park*** in Europe, which tells about one of the most flourishing classical civilizations of the Mediterranean area, from its birth to its fall.

Very close to the Resort two spectacular tours are available. **Mazara del Vallo** and the **Gorghì Tondi Nature Preserve**. Inhabited and dominated over the centuries by different populations such as Phoenicians, Carthaginians, Romans, Saracens and Normans, Mazara amazes and enchants. Not to be missed is a visit to its ***Kasbah***, to the ***Cathedral***, the ***Baroque church of San Francesco*** and the ***Dancing Satyr***, a very rare example of Greek bronze statuary, housed in the Sant'Egidio Museum together with other archaeological finds recovered from the seabed of the Sicilian channel. Equally absolutely unmissable, due to its evocative position, is the ***church of San Vito***, built right on the seashore exactly on the rock where it is said that the saint landed on his way to Rome.

The **Gorghì Tondi Nature Preserve** is a natural oasis managed and protected by the WWF, dotted with 4 small freshwater lakes, which is home to various protected species of plants and animals. In addition to the variety of nature trails that stretch across it, the preserve offers birding trails and the opportunity to observe the bird species that find refuge in this sanctuary, such as herons, mallards or marsh harriers.

Whether looking ahead for days of total idleness or curious research of unknown destinations, once back at the Resort, before letting yourself be seduced by the menus of the **AquaMadre Restaurant**, you might find it difficult to choose between a cocktail at the **Turchinu Lounge &**

Terrace or a massage at the **Almablu Spa** which offers **more than 40 massages, rituals and programs** created exclusively by the experts of the award-winning Almablu Wellness & Spa of Almar Jesolo.
