# Experiences

Discover the true heritage of the eponymous Roman sartorial school in the in-house laboratories of Battistoni in Via dei Condotti or have an incredible dinner on the terrace where Roman Holidays was shot. Discover Italian and international artists with a personalized tour of Galleria Russo, the 5 generation old art gallery in Via Alibert.

## BATTISTONI

Discover the true heritage of the eponymous Roman Sartorial school in the in-house laboratories: the master tailor and the shirts makers will reveal you the processes and secrets of the bespoke art. In only a few days they can realize suits, coats and shirts in first fit before you leave. Battistoni will then send you the finished and perfected garments at your home.

Also visit the 1946 unique store and discover the Battistoni Art Collection: Gentilini, Fontana, Capogrossi, Picasso are just a few of the artists who visited the Maison and left an indelible mark.

## ROMAN (UNIQUE) HOLIDAYS

We offer you the emotion of a unique evening. In the heart of the eternal city, passing through a courtyard where time has stopped, you will reach the apartment where the “mythical” film Roman Holiday was shot, which made via Margutta famous all over the world. Right here, personally welcomed by the hosts and immersed in an atmosphere of movies from other times, you will spend an unforgettable evening tasting the best Italian culinary tradition.

An experience that will make your Roman Holidays unique... like in a fairy tale!
