MANDARIN ORIENTAL, LAGO DI COMO

Mandarin Oriental, Lago di Como offers five-star lakefront splendour on the shores of Lake Como. Coupled with its serene setting, nestled between luxuriant botanical park and lake, the resort represents a seductive blend of Italian style, Oriental charm and natural beauty.

An iconic landmark with a rich history spanning two centuries, Mandarin Oriental, Lago di Como is a sanctuary of calm, located on the sunlit shores of Lake Como, where guests can relax and enjoy unforgettable moments with family and loved ones. The resort is ideal for those seeking a relaxing getaway or an active break alike. Surrounded by lush botanical gardens, panoramic hiking trails and the rustic towns of the Lombardy region, guests have a wide array of activities to choose from. A dedicated concierge team is available around the clock to arrange bespoke experiences for all resort's Guests and make their stay truly memorable.

Housed within nine separate villas, guest accommodation includes 22 guestrooms, 51 suites and two private villas. Mandarin Oriental, Lago di Como's interiors are designed to enhance the existing elements while paying homage to the Group's eastern heritage. The result is an elegant style that blends elements of a 19th century Neoclassical Villa with modern décor and a subtle oriental flavour.

The décor of rooms and suites is calm and stylish, offering a relaxed environment and stunning views of the lake and garden, that can be enjoyed from generous balconies and terraces. Public areas are decorated in a modern and clean style, with contemporary furnishings that recall early 20th century Italian designs. Original details have been preserved wherever possible, including inlaid wood floors, marble columns and coffered ceilings.

Harbouring over 50 species of plants, trees and flowers, including rhododendrons, camellias and magnolias, the botanical garden surrounding the resort exudes tranquillity, relaxation and privacy. The layout and materials used aim to recreate its original design, with walkways and lanes as signature elements of Italian Neoclassical gardens.

The resort's beating heart is Villa Roccabruna, the former residence of Italian soprano Giuditta Pasta built in 1799. Today, Villa Roccabruna houses ten beautiful suites, as well as guest services, with large windows drawing the eye outside to the garden and lake. Upon arrival, guests are subtly made aware of the brand's oriental heritage, with six panel reproductions of antique Chinese screens located in the reception area by the Concierge desk. While understated oriental elements are present throughout the property, the décor has a distinctive modern Italian flavour. Careful attention has been given to fine details and expert craftsmanship, with high quality materials selected throughout.

Villa Roccabruna is also home to *CO.MO Bar & Bistrot*, the beautifully decorated *Sala Mandarin*, and *The Spa* at Mandarin Oriental, Lago di Como.

The restaurants and bars of the resort offer an authentic cuisine, based both on traditional international dishes and inspired by seasonal products.

CO.MO Bar & Bistrot, with its spacious terrace overlooking the lake, is the place to go for an informal bite at any time of day, a traditional Italian Aperitivo or after-dinner drinks, created by expert mixologists.

Nestled in the resort's leafy botanical park, *L'ARIA* offers a modern and contemporary take on gastronomy, allowing for a relaxed and convivial restaurant experience. Chef Massimiliano Blasone takes a new and fresh approach to gastronomy, proposing Italian dishes with strong Oriental influences. Floor-to-ceiling windows offer panoramic lake vistas and views of the surrounding landscape.

Enriching the pool experience, the new informal dining venue *NAMI Cafe* offers healthy and comforting food inspired by Asian cuisine with an international twist. Poolside al fresco lunches, delightful daytime snacks, refreshing aperitivo, freshly prepared sushi and home-made pastries are served from morning until sunset under the shade of Villa Roccabruna.

The resort is also excited to open its remodelled [Spa & Wellness](#) oasis. The spacious facility boasts six treatment rooms including two private Spa Suites, a zen garden and a redesigned wet area overlooking the lake, with whirlpool, ice pool, saline bath, experience showers, Finnish sauna and steam bath. Spa treatments include Mandarin Oriental signature therapies and new rituals from Team Dr Joseph, whose products are vegan and rich in biotechnological ingredients, and Swiss Perfection, with its facial skincare programme blending scientific innovation and cutting-edge expertise.

The romantic backdrop of tranquil lake, majestic hills and beautiful gardens, provides the perfect setting for weddings, celebrations and private events. The resort's venues include a Greenhouse, a lakeshore classical Amphitheatre shaded by an expansive tree canopy, and a building with four function rooms that combine to offer an impressive 315 sqm ballroom. Alternatively, guests can decorate a marquee to their style and imagination in the garden of Villa Del Lago, one of the resort's private Villas, set within its own grounds to provide guests with plenty of privacy.
