## Pazziella Garden & Suites

One of the most beautiful newly renovated buildings of the island, a Boutique Five Star Hotel located in the heart of Capri, a few steps away from the famous Piazzetta. Our guests will have the opportunity to reach the city centre in a few minutes' walk.

The rooms and suites are spread over two beautiful villas, surrounded by greenery, and are furnished in an authentic Capri style: a reserved and exclusive environment away from the noise of the crowded alleys.

The hotel has a garden with Mediterranean plants as well as a relaxing outdoor pool. The P - Garden Lounge Bar & Restaurant is available from breakfast to dinner time.

The rooms are different from each other but all share the same style, reflecting a taste of minimalist luxury and understated elegance.

A mix of design with the warmth of wood and the predominant white that, thanks to the natural light that floods the rooms, infuses an aura of relaxing peace.

Some suites are also equipped with an exclusive outdoor private jacuzzi/pool that offers the opportunity to enjoy relaxing and leisure moments.
