Resort Valle Dell'Erica Thalasso & SPA, a resort immersed in nature where hospitality meets sustainability

The [Valle dell' Erica Resort](#) offers one of the most iconic locations in Sardinia, boasting luxury accommodations to the authentic Mediterranean hospitality. Named **Europe's Leading Green Resort** for the 6th year running at the World Travel Awards 2024, the Valle dell'Erica Resort stood out for its commitment to the environment and its eco-friendly soul.

Close to the beautiful Costa Smeralda and surrounded by the two Archipelagos of La Maddalena and Corsica, reachable with a quick hotel's charter boats, the Resort is the perfect destination for a sustainable holiday. In addition to a mile of white sandy beach with small bays offering an oasis of peace and relaxation, a Thalasso & SPA centre, authentic cuisine, activities, and children clubs.

Featuring two 5* beachfront hotels in the North of Sardinia, Hotel Erica and Hotel La Licciola, Valle dell'Erica Resort is set in a private park of 70 acres that is rich in plants and natural wildlife and surrounded by 1,400 metres of coastline in a succession of little bays and beaches with fine white sand. There are endless green spaces where children can play freely and safely, a large and well-equipped free nursery, baby club and mini club, and a swimming pool just for children.

Ericaland is the jewel of the crown at the resort, with specially designed safe spaces outside and inside and qualified staff to look after children; it includes playgrounds and a mini-adventure park, cinema, soft space, nap room, creative spaces, a restaurant with grill and pizzeria with wood-burning oven.

For families with very young children, there is a free nursery with bottle-feeding preparation area; highchairs, pushchairs, sterilizers, bottle warmers, baby intercom phones, changing tables, cots etc. and everything necessary for feeding babies: vegetable soups and purées, fruit and meat stews etc.

Among the free time activities, there are workshops for making jewellery and souvenirs from things found in nature. Children can also enjoy their special **Sardinian Adventure Day** and experience memorable canoeing adventures along remote stretches of coastline bordering the resort, discovering beaches and wildlife; a Robinson Crusoe day including photo safari and lunch on the beach, as well as enjoying a star-watching activity, a full experience filled with nature and good times. After dinner, the Mini Club area offers entertainment and shows for children.

For older children, aged between 10 to 13 years, there are lots of free activities including snorkelling, canoeing, five-a-side football, golf lessons, volleyball on grass, swimming courses, multimedia room with high-definition screen for Nintendo, Wii, PlayStation, Xbox.

A collection of exclusive suites, some of them with private pool, provides an idyll for couples and honeymooners, as well. Among the top quality offer, the **Archipelago Penthouse suite** stands out in the Valle dell'Erica Resort: one of the most exclusive proposals in Sardinia with over 300 square meters of suites with

outdoor lounges and solarium to which a large garden is added for the exclusive use of guests. A private grove where granite rocks, holm oaks and Mediterranean essences offer peace and privacy, as well as the best view of the resort, overlooking the islands of the La Maddalena Archipelago and the South of Corsica. A panorama also visible from the three spacious bedrooms that make up the Penthouse, as well as a bright living room that leads to the veranda with a luxurious private heated swimming pool and an unrepeatable view.

As the recent winner of 'Europe's Leading Green Resort' and 'Italy's Leading Green Resort' at the World Travel Awards 2024, Valle dell'Erica has an **eco-friendly soul** and paves the way for guests who want to explore amazing places whilst respecting and appreciating the local environment.

Part of [Delphina hotels & resorts](#), a family owned group, rewarded as **World's Leading Green Independent Hotel Group** and **Italy's Leading Hotel Group** at the World Travel Awards 2024. The Sardinian hotel chain has for years adopted sustainable growth policies towards the environment and the territory, creating the [We are green®](#) protocol: 100% green electricity from renewable sources, **saving about 28.031 tons of CO2eq in the last 8 years**—equivalent to the amount absorbed by about 198,801 trees in one year, significant reduction in plastic (**saving 1.229.133 plastic bottles in the past 6 years**), the partnership with FAI, Fondo Ambiente Italiano and the use of FSC ecological paper for printing publications and catalogues, are just a few concrete actions to support the environment.

Delphina hotels & resorts has chosen to provide its guests with **Selezione Delphina**, a range of the best local food and wine products. For years, Delphina has selected and worked with many small local producers, to bring the local excellence to the tables of its restaurants: cheese, wine, beer, liqueurs, herbs and spices, bread, olive oil, saffron, sweets...
