The hotel offers guests an exclusive getaway, boasting a prime front-row position along Lake Garda, framed by lush banana and palm trees. In addition to its luxurious accommodations, this National Heritage Site encourages guests to discover the captivating charm of Italy's most exclusive region, featuring a vibrant tapestry of medieval villages, Venetian palaces, and ancient castles.

Offering king sized bed and additional sofa bed, lake view balcony, a separate living area and a bathroom equipped with freestanding bathtub, shower and double vanity, the suites comfortably accommodate up to four people. A talented team of therapists provide a range of spoiling treatments that harness the restorative power of Sothys Paris products, and work in harmony with the stunning natural environment and rejuvenating qualities of the lake.
